Venue of lectures and workshop – Conference room and outpatients clinic of Radiotherapy Ward of Voivodeship Hospital Gorzów Wielkopolski, Dekerta 1, Poland

Conference language - English

We invite you to the second CEUS Conference in Gorzow.

This time we will have possibility to meet experienced CEUS specialist from Germany and Poland and to attend to their lectures.

During the course there will be time to train your skills under expert supervision as well to ask questions and together discuss different topics.

We hope that the program of the conference will open opportunity for many specialists to acquaint CEUS and encourage to use it in diagnosis and treatment.

We wish you benefits from participating in this course and successful implementation of CEUS to your everyday practice.
